ARTICLE I
PURPOSE AND PRINCIPLE

Section 101: TITLE

This multistate Agreement shall be referred to, cited, and known as the Streamlined Sales and Use Tax Agreement.

Section 102: FUNDAMENTAL PURPOSE

It is the purpose of this Agreement to simplify and modernize sales and use tax administration in the member states in order to substantially reduce the burden of tax compliance. The Agreement focuses on improving sales and use tax administration systems for all sellers and for all types of commerce through all of the following:

- A. State level administration of sales and use tax collections.
- B. Uniformity in the state and local tax bases.
- C. Uniformity of major tax base definitions.
- D. Central, electronic registration system for all member states.
- E. Simplification of state and local tax rates.
- F. Uniform sourcing rules for all taxable transactions.
- G. Simplified administration of exemptions.
- H. Simplified tax returns.
- I. Simplification of tax remittances.
- J. Protection of consumer privacy.

Section 103: TAXING AUTHORITY PRESERVED

This Agreement shall not be construed as intending to influence a member state to impose a tax on or provide an exemption from tax for any item or service. However, if a member state chooses to tax an item or exempt an item from tax, that state shall adhere to the provisions concerning definitions as set out in Article III of this Agreement.

1 **Section 104: DEFINED TERMS**

2 This Agreement defines terms for use within the Agreement and for application in the sales and
3 use tax laws of the member states. The definition of a term is not intended to influence the
4 interpretation or application of that term with respect to other tax types.

5
6 An alphabetical list of all the terms defined in the Agreement and their location in the Agreement
7 is found in Appendix B of this Agreement, the Index of Definitions. Terms defined for use
8 within this Agreement are set out in Article II of the Agreement. Many of the uniform definitions
9 for application in the sales and use tax laws of the member states are set out in Appendix C of
10 this Agreement, the Library of Definitions. Definitions that are not set out in Appendix C are
11 defined when applied in a particular section of the Agreement and are set out in that section of
12 the Agreement. The appendices have the same effect as the Articles in the Agreement.

13
14 **Section 105: TREATMENT OF VENDING MACHINES**

15 The provisions of the Agreement do not apply to vending machines sales. The Agreement does
16 not restrict how a member state taxes vending machine sales.

ARTICLE II
DEFINITIONS

The following definitions apply in this Agreement:

Section 201: AGENT

A person appointed by a seller to represent the seller before the member states.

Section 202: CERTIFIED AUTOMATED SYSTEM (CAS)

Software certified under the Agreement to calculate the tax imposed by each jurisdiction on a transaction, determine the amount of tax to remit to the appropriate state, and maintain a record of the transaction.

Section 203: CERTIFIED SERVICE PROVIDER (CSP)

An agent certified under the Agreement to perform all the seller's sales and use tax functions, other than the seller's obligation to remit tax on its own purchases.

Section 204: ENTITY-BASED EXEMPTION

An exemption based on who purchases the product or who sells the product.

Section 205: MODEL 1 SELLER

A seller that has selected a CSP as its agent to perform all the seller's sales and use tax functions, other than the seller's obligation to remit tax on its own purchases.

Section 206: MODEL 2 SELLER

A seller that has selected a CAS to perform part of its sales and use tax functions, but retains responsibility for remitting the tax.

Section 207: MODEL 3 SELLER

A seller that has sales in at least five member states, has total annual sales revenue of at least five hundred million dollars, has a proprietary system that calculates the amount of tax due each jurisdiction, and has entered into a performance agreement with the member states that establishes a tax performance standard for the seller. As used in this definition, a seller includes an affiliated group of sellers using the same proprietary system.

Section 208: PERSON

An individual, trust, estate, fiduciary, partnership, limited liability company, limited liability partnership, corporation, or any other legal entity.

1 **Section 209: PRODUCT-BASED EXEMPTION**

2 An exemption based on the description of the product and not based on who purchases the
3 product or how the purchaser intends to use the product.

4 **Section 210: PURCHASER**

5 A person to whom a sale of personal property is made or to whom a service is furnished.

6 **Section 211: REGISTERED UNDER THIS AGREEMENT**

7 Registration by a seller with the member states under the central registration system provided in
8 Article IV of this Agreement.

9 **Section 212: SELLER**

10 A person making sales, leases, or rentals of personal property or services.

11 **Section 213: STATE**

12 Any state of the United States and the District of Columbia.

13 **Section 214: USE-BASED EXEMPTION**

14 An exemption based on the purchaser's use of the product.

1 **ARTICLE III**

2 **REQUIREMENTS EACH STATE MUST ACCEPT TO PARTICIPATE**

3
4
5 **Section 301: STATE LEVEL ADMINISTRATION**

6 Each member state shall provide state level administration of sales and use taxes. The state level
7 administration may be performed by a member state's Tax Commission, Department of Revenue,
8 or any other single entity designated by state law. Sellers are only required to register with, file
9 returns with, and remit funds to the state level authority. Each member state shall provide for
10 collection of any local taxes and distribution of them to the appropriate taxing jurisdictions.
11 Each member state shall conduct, or authorize others to conduct on its behalf, all audits of the
12 sellers registered under the Agreement for that state's tax and the tax of its local jurisdictions,
13 and local jurisdictions shall not conduct independent sales or use tax audits of sellers registered
14 under the Agreement.
15

16 **Section 302: STATE AND LOCAL TAX BASES**

17 Through December 31, 2005, if a member state has local jurisdictions that levy a sales or use tax,
18 all local jurisdictions in the state shall have a common tax base. After December 31, 2005, the
19 tax base for local jurisdictions shall be identical to the state tax base unless otherwise prohibited
20 by federal law. This section does not apply to sales or use taxes levied on the retail sale or
21 transfer of motor vehicles, aircraft, watercraft, modular homes, manufactured homes, or mobile
22 homes.
23

24 **Section 303: SELLER REGISTRATION**

25 Each member state shall participate in an online sales and use tax registration system in
26 cooperation with the other member states. Under this system:

- 27 A. A seller registering under the Agreement is registered in each of the member states.
28 B. The member states agree not to require the payment of any registration fees or other
29 charges for a seller to register in a state in which the seller has no legal requirement to
30 register.

- C. A written signature from the seller is not required.
- D. An agent may register a seller under uniform procedures adopted by the member states.
- E. A seller may cancel its registration under the system at any time under uniform procedures adopted by the governing board. Cancellation does not relieve the seller of its liability for remitting to the proper states any taxes collected.

Section 304: NOTICE FOR STATE TAX CHANGES

- A. Each member state shall lessen the difficulties faced by sellers when there is a change in a state sales or use tax rate or base by making a reasonable effort to do all of the following:
 - 1. Provide sellers with as much advance notice as practicable of a rate change.
 - 2. Limit the effective date of a rate change to the first day of a calendar quarter.
 - 3. Notify sellers of legislative changes in the tax base and amendments to sales and use tax rules and regulations.
- B. Failure of a seller to receive notice or failure of a member state to provide notice or limit the effective date of a rate change shall not relieve the seller of its obligation to collect sales or use taxes for that member state.

Section 305: LOCAL RATE AND BOUNDARY CHANGES

Each member state that has local jurisdictions that levy a sales or use tax shall:

- A. Provide that local rate changes will be effective only on the first day of a calendar quarter after a minimum of sixty days' notice to sellers.
- B. Apply local sales tax rate changes to purchases from printed catalogs wherein the purchaser computed the tax based upon local tax rates published in the catalog only on the first day of a calendar quarter after a minimum of one hundred twenty days' notice to sellers.
- C. For sales and use tax purposes only, apply local jurisdiction boundary changes only on the first day of a calendar quarter after a minimum of sixty days' notice to sellers.

- 1 D. Provide and maintain a database that describes boundary changes for all taxing
2 jurisdictions. This database shall include a description of the change and the effective
3 date of the change for sales and use tax purposes.
- 4 E. Provide and maintain a database of all sales and use tax rates for all of the jurisdictions
5 levying taxes within the state. For the identification of states, counties, cities, and
6 parishes, codes corresponding to the rates must be provided according to Federal
7 Information Processing Standards (FIPS) as developed by the National Institute of
8 Standards and Technology. For the identification of all other jurisdictions, codes
9 corresponding to the rates must be in the format determined by the governing board.
- 10 F. Provide and maintain a database that assigns each five digit and nine digit zip code
11 within a member state to the proper tax rates and jurisdictions. The state must apply the
12 lowest combined tax rate imposed in the zip code area if the area includes more than one
13 tax rate in any level of taxing jurisdictions. If a nine digit zip code designation is not
14 available for a street address or if a seller is unable to determine the nine digit zip code
15 designation of a purchaser after exercising due diligence to determine the designation,
16 the seller may apply the rate for the five digit zip code area. For the purposes of this
17 section, there is a rebuttable presumption that a seller has exercised due diligence if the
18 seller has attempted to determine the nine digit zip code designation by utilizing
19 software approved by the governing board that makes this designation from the street
20 address and the five digit zip code of the purchaser.
- 21 G. Participate with other member states in the development of an address-based system for
22 assigning taxing jurisdictions. The system must meet the requirements developed
23 pursuant to the federal Mobile Telecommunications Sourcing Act (4 U.S.C. Sec. 119).
24 The governing board may allow a member state to require sellers that register under this
25 Agreement to use an address-based system provided by that member state. If any
26 member state develops an address-based assignment system pursuant to the Mobile
27 Telecommunications Sourcing Act, a seller may use that system in place of the system
28 provided for in subsection (F) of this section.
- 29

1 **Section 306: RELIEF FROM CERTAIN LIABILITY**

2 Each member state shall relieve sellers and CSPs from liability to the member state and local
3 jurisdictions for having charged and collected the incorrect amount of sales or use tax resulting
4 from the seller or CSP relying on erroneous data provided by a member state on tax rates,
5 boundaries, or taxing jurisdiction assignments. A member state that provides an address-based
6 system for assigning taxing jurisdictions pursuant to Section 305, subsection (G) or pursuant to
7 the federal Mobile Telecommunications Sourcing Act will not be required to provide liability
8 relief for errors resulting from the reliance on the information provided by the member state
9 under the provisions of Section 305, subsection (F).

10
11 **Section 307: DATABASE REQUIREMENTS AND EXCEPTIONS**

- 12 A. The electronic databases provided for in Section 305, subsections (D), (E), (F), and (G)
13 shall be in a downloadable format approved by the governing board.
- 14 B. The provisions of Section 305, subsections (F) and (G) do not apply when the purchased
15 product is received by the purchaser at the business location of the seller.
- 16 C. The databases provided by Section 305, subsections (D), (E), and (F) are not a
17 requirement of a state prior to entering into the Agreement. The governing board shall
18 establish the effective dates for availability and use of the databases.

19
20 **Section 308: STATE AND LOCAL TAX RATES**

- 21 A. No member state shall have multiple state sales and use tax rates on items of personal
22 property or services after December 31, 2005, except that a member state may impose a
23 single additional rate, which may be zero, on food and food ingredients and drugs as
24 defined by state law pursuant to the Agreement.
- 25 B. A member state that has local jurisdictions that levy a sales or use tax shall not have
26 more than one local sales tax rate or more than one local use tax rate per local
27 jurisdiction. If the local jurisdiction levies both a sales tax and use tax, the local rates
28 must be identical.
- 29 C. The provisions of this section do not apply to sales or use taxes levied on electricity,
30 piped natural or artificial gas, or other heating fuels delivered by the seller, or the retail

1 sale or transfer of motor vehicles, aircraft, watercraft, modular homes, manufactured
2 homes, or mobile homes.

3
4 **Section 309: APPLICATION OF GENERAL SOURCING RULES AND EXCLUSIONS**
5 **FROM THE RULES**

6 A. Each member state shall agree to require sellers to source the retail sale of a product in
7 accordance with Section 310. The provisions of Section 310 apply regardless of the
8 characterization of a product as tangible personal property, a digital good, or a service.
9 The provisions of Section 310 only apply to determine a seller's obligation to pay or
10 collect and remit a sales or use tax with respect to the seller's retail sale of a product.
11 These provisions do not affect the obligation of a purchaser or lessee to remit tax on the
12 use of the product to the taxing jurisdictions of that use.

13 B. Section 310 does not apply to sales or use taxes levied on the following:

- 14 1. The retail sale or transfer of watercraft, modular homes, manufactured homes, or
15 mobile homes. These items must be sourced according to the requirements of each
16 member state.
- 17 2. The retail sale, excluding lease or rental, of motor vehicles, trailers, semi-trailers, or
18 aircraft that do not qualify as transportation equipment, as defined in Section 310,
19 subsection (D). The retail sale of these items shall be sourced according to the
20 requirements of each member state, and the lease or rental of these items must be
21 sourced according to Section 310, subsection (C).
- 22 3. Telecommunications services, as set out in Section 315, shall be sourced in
23 accordance with Section 314.
- 24 4. Until December 31, 2005, florist sales as defined by each member state. Prior to this
25 date, these items must be sourced according to the requirements of each member
26 state.

27
28 **Section 310: GENERAL SOURCING RULES**

29 A. The retail sale, excluding lease or rental, of a product shall be sourced as follows:

1. When the product is received by the purchaser at a business location of the seller, the sale is sourced to that business location.
 2. When the product is not received by the purchaser at a business location of the seller, the sale is sourced to the location where receipt by the purchaser (or the purchaser's donee, designated as such by the purchaser) occurs, including the location indicated by instructions for delivery to the purchaser (or donee), known to the seller.
 3. When subsections (A)(1) and (A)(2) do not apply, the sale is sourced to the location indicated by an address for the purchaser that is available from the business records of the seller that are maintained in the ordinary course of the seller's business when use of this address does not constitute bad faith.
 4. When subsections (A)(1), (A)(2), and (A)(3) do not apply, the sale is sourced to the location indicated by an address for the purchaser obtained during the consummation of the sale, including the address of a purchaser's payment instrument, if no other address is available, when use of this address does not constitute bad faith.
 5. When none of the previous rules of subsections (A)(1), (A)(2), (A)(3), or (A)(4) apply, including the circumstance in which the seller is without sufficient information to apply the previous rules, then the location will be determined by the address from which tangible personal property was shipped, from which the digital good or the computer software delivered electronically was first available for transmission by the seller, or from which the service was provided (disregarding for these purposes any location that merely provided the digital transfer of the product sold).
- B. The lease or rental of tangible personal property, other than property identified in subsection (C) or subsection (D), shall be sourced as follows:
1. For a lease or rental that requires recurring periodic payments, the first periodic payment is sourced the same as a retail sale in accordance with the provisions of subsection (A). Periodic payments made subsequent to the first payment are sourced to the primary property location for each period covered by the payment. The primary property location shall be as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. The property

- 1 location shall not be altered by intermittent use at different locations, such as use of
2 business property that accompanies employees on business trips and service calls.
- 3 2. For a lease or rental that does not require recurring periodic payments, the payment is
4 sourced the same as a retail sale in accordance with the provisions of subsection (A).
- 5 3. This subsection does not affect the imposition or computation of sales or use tax on
6 leases or rentals based on a lump sum or accelerated basis, or on the acquisition of
7 property for lease.
- 8 C. The lease or rental of motor vehicles, trailers, semi-trailers, or aircraft that do not qualify
9 as transportation equipment, as defined in subsection (D), shall be sourced as follows:
- 10 1. For a lease or rental that requires recurring periodic payments, each periodic payment
11 is sourced to the primary property location. The primary property location shall be as
12 indicated by an address for the property provided by the lessee that is available to the
13 lessor from its records maintained in the ordinary course of business, when use of this
14 address does not constitute bad faith. This location shall not be altered by intermittent
15 use at different locations.
- 16 2. For a lease or rental that does not require recurring periodic payments, the payment is
17 sourced the same as a retail sale in accordance with the provisions of subsection (A).
- 18 3. This subsection does not affect the imposition or computation of sales or use tax on
19 leases or rentals based on a lump sum or accelerated basis, or on the acquisition of
20 property for lease.
- 21 D. The retail sale, including lease or rental, of transportation equipment shall be sourced the
22 same as a retail sale in accordance with the provisions of subsection (A),
23 notwithstanding the exclusion of lease or rental in subsection (A). "Transportation
24 equipment" means any of the following:
- 25 1. Locomotives and railcars that are utilized for the carriage of persons or property in
26 interstate commerce.
- 27 2. Trucks and truck-tractors with a Gross Vehicle Weight Rating (GVWR) of 10,001
28 pounds or greater, trailers, semi-trailers, or passenger buses that are:
- 29 a. Registered through the International Registration Plan; and

- b. Operated under authority of a carrier authorized and certificated by the U.S. Department of Transportation or another federal authority to engage in the carriage of persons or property in interstate commerce.
3. Aircraft that are operated by air carriers authorized and certificated by the U.S. Department of Transportation or another federal or a foreign authority to engage in the carriage of persons or property in interstate or foreign commerce.
4. Containers designed for use on and component parts attached or secured on the items set forth in subsections (D)(1) through (D)(3).

Section 311: GENERAL SOURCING DEFINITIONS

For the purposes of Section 310, subsection (A), the terms "receive" and "receipt" mean:

- A. Taking possession of tangible personal property,
- B. Making first use of services, or
- C. Taking possession or making first use of digital goods, whichever comes first.

The terms "receive" and "receipt" do not include possession by a shipping company on behalf of the purchaser.

Section 312: MULTIPLE POINTS OF USE (Effective through December 31, 2007)

Notwithstanding the provisions of Section 310, a business purchaser that is not a holder of a direct pay permit that knows at the time of its purchase of a digital good, computer software delivered electronically, or a service that the digital good, computer software delivered electronically, or service will be concurrently available for use in more than one jurisdiction shall deliver to the seller in conjunction with its purchase a form disclosing this fact ("Multiple Points of Use or MPU" Exemption Form).

19 **Section 315: TELECOMMUNICATION SOURCING DEFINITIONS (Effective through**
20 **December 31, 2007)**

21 For the purpose of Section 314, the following definitions apply:

- 22 A. "Air-to-Ground Radiotelephone service" means a radio service, as that term is defined
23 in 47 CFR 22.99, in which common carriers are authorized to offer and provide radio
24 telecommunications service for hire to subscribers in aircraft.
- 25 B. "Call-by-call Basis" means any method of charging for telecommunications services
26 where the price is measured by individual calls.
- 27 C. "Communications Channel" means a physical or virtual path of communications over
28 which signals are transmitted between or among customer channel termination points.
- 29 D. "Customer" means the person or entity that contracts with the seller of
30 telecommunications services. If the end user of telecommunications services is not
31 the contracting party, the end user of the telecommunications service is the customer

1 of the telecommunication service, but this sentence only applies for the purpose of
2 sourcing sales of telecommunications services under Section 314. "Customer" does
3 not include a reseller of telecommunications service or for mobile
4 telecommunications service of a serving carrier under an agreement to serve the
5 customer outside the home service provider's licensed service area.

6 E. "Customer Channel Termination Point" means the location where the customer either
7 inputs or receives the communications.

8 F. "End user" means the person who utilizes the telecommunication service. In the case
9 of an entity, "end user" means the individual who utilizes the service on behalf of the
10 entity.

11 G. "Home service provider" means the same as that term is defined in Section 124(5) of
12 Public Law 106-252 (Mobile Telecommunications Sourcing Act).

15 I. "Place of primary use" means the street address representative of where the
16 customer's use of the telecommunications service primarily occurs, which must be the
17 residential street address or the primary business street address of the customer. In
18 the case of mobile telecommunications services, "place of primary use" must be
19 within the licensed service area of the home service provider.

20 J. "Post-paid calling service" means the telecommunications service obtained by
21 making a payment on a call-by-call basis either through the use of a credit card or
22 payment mechanism such as a bank card, travel card, credit card, or debit card, or by
23 charge made to a telephone number which is not associated with the origination or
24 termination of the telecommunications service. A post-paid calling service includes a
25 telecommunications service that would be a prepaid calling service except it is not
26 exclusively a telecommunication service.

27 K. "Prepaid calling service" means the right to access exclusively telecommunications
28 services, which must be paid for in advance and which enables the origination of calls
29 using an access number or authorization code, whether manually or electronically

1 dialed, and that is sold in predetermined units or dollars of which the number declines
2 with use in a known amount.

3 L. "Private communication service" means a telecommunication service that entitles the
4 customer to exclusive or priority use of a communications channel or group of
5 channels between or among termination points, regardless of the manner in which
6 such channel or channels are connected, and includes switching capacity, extension
7 lines, stations, and any other associated services that are provided in connection with
8 the use of such channel or channels.

9 M. "Service address" means:

- 10 1. The location of the telecommunications equipment to which a customer's call is
11 charged and from which the call originates or terminates, regardless of where the
12 call is billed or paid.

14 origination point of the signal of the telecommunications services first identified
15 by either the seller's telecommunications system or in information received by the
16 seller from its service provider, where the system used to transport such signals is
17 not that of the seller.
- 18 3. If the location in subsection (M)(1) and subsection (M)(2) are not known, the
19 service address means the location of the customer's place of primary use.
- 20

21 **Section 315: TELECOMMUNICATION SOURCING DEFINITIONS (Effective January**

- 24 A. "Air-to-Ground Radiotelephone service" means a radio service, as that term is defined
25 in 47 CFR 22.99, in which common carriers are authorized to offer and provide radio
26 telecommunications service for hire to subscribers in aircraft.

5 sourcing sales of telecommunications services under Section 314. "Customer" does
6 not include a reseller of telecommunications service or for mobile
7 telecommunications service of a serving carrier under an agreement to serve the

- 11 F. "End user" means the person who utilizes the telecommunication service. In the case
12 of an entity, "end user" means the individual who utilizes the service on behalf of the
13 entity.
- 14 G. "Home service provider" means the same as that term is defined in Section 124(5) of
15 Public Law 106-252 (Mobile Telecommunications Sourcing Act).

17 Section 124(7) of Public Law 106-252 (Mobile Telecommunications Sourcing Act).
- 18 I. "Place of primary use" means the street address representative of where the
19 customer's use of the telecommunications service primarily occurs, which must be the
20 residential street address or the primary business street address of the customer. In

22 within the licensed service area of the home service provider.
- 23 J. "Post-paid calling service" means the telecommunications service obtained by
24 making a payment on a call-by-call basis either through the use of a credit card or
25 payment mechanism such as a bank card, travel card, credit card, or debit card, or by
26 charge made to a telephone number which is not associated with the origination or
27 termination of the telecommunications service. A post-paid calling service includes a
28 telecommunications service, except a prepaid wireless calling service, that would be a
29 prepaid calling service except it is not exclusively a telecommunication service.

1 K. "Prepaid calling service" means the right to access exclusively telecommunications
2 services, which must be paid for in advance and which enables the origination of calls
3 using an access number or authorization code, whether manually or electronically
4 dialed, and that is sold in predetermined units or dollars of which the number declines
5 with use in a known amount.

6 L. "Prepaid wireless calling service" means a telecommunications service that provides
7 the right to utilize mobile wireless service as well as other non-telecommunications
8 services, including the download of digital products delivered electronically, content
9 and ancillary services, which must be paid for in advance that is sold in
10 predetermined units or dollars of which the number declines with use in a known
11 amount.

12 M. "Private communication service" means a telecommunication service that entitles the
13 customer to exclusive or priority use of a communications channel or group of
14 channels between or among termination points, regardless of the manner in which
15 such channel or channels are connected, and includes switching capacity, extension
16 lines, stations, and any other associated services that are provided in connection with
17 the use of such channel or channels.

18 N. "Service address" means:

- 19 1. The location of the telecommunications equipment to which a customer's call is
20 charged and from which the call originates or terminates, regardless of where the
21 call is billed or paid.
- 22 2. If the location in subsection (N)(1) is not known, service address means the
23 origination point of the signal of the telecommunications services first identified
24 by either the seller's telecommunications system or in information received by the
25 seller from its service provider, where the system used to transport such signals is
26 not that of the seller.
- 27 3. If the location in subsection (N)(1) and subsection (N)(2) are not known, the
28 service address means the location of the customer's place of primary use.

29
30 *Compiler's note: On April 16, 2005 Section 315 (J) was amended by inserting "except a prepaid wireless calling*
31 *service." after "telecommunications service in the second sentence. The former 315 (L) and (M) were renumbered*

1 315 (M) and (N) and a new Section 315 (L) was inserted. The cross references in 315 (N) were changed to account
2 for the renumbering. Member states shall comply with amendments to this section no later than January 1, 2008.

3 4 **Section 316: ENACTMENT OF EXEMPTIONS**

- 5 A. A member state may enact a product-based exemption without restriction if the
6 Agreement does not have a definition for the product or for a term that includes the
7 product. If the Agreement has a definition for the product or for a term that includes the
8 product, a member state may exempt all items included within the definition but shall
9 not exempt only part of the items included within the definition unless the Agreement
10 sets out the exemption for part of the items as an acceptable variation.
- 11 B. A member state may enact an entity-based or a use-based exemption without restriction
12 if the Agreement does not have a definition for the product whose use or purchase by a
13 specific entity is exempt or for a term that includes the product. If the Agreement has a
14 definition for the product whose use or specific purchase is exempt, a member state may
15 enact an entity-based or a use-based exemption that applies to that product as long as the
16 exemption utilizes the Agreement definition of the product. If the Agreement does not
17 have a definition for the product whose use or specific purchase is exempt but has a
18 definition for a term that includes the product, a member state may enact an entity-based
19 or a use-based exemption for the product without restriction.
- 20 C. For purposes of complying with the requirements in this section, the inclusion of a
21 product within the definition of tangible personal property is disregarded.

22 23 **Section 317: ADMINISTRATION OF EXEMPTIONS**

- 24 A. Each member state shall observe the following provisions when a purchaser claims an
25 exemption:
- 26 1. The seller shall obtain identifying information of the purchaser and the reason for
27 claiming a tax exemption at the time of the purchase as determined by the governing
28 board.
 - 29 2. A purchaser is not required to provide a signature to claim an exemption from tax
30 unless a paper exemption certificate is used.

- 1 3. The seller shall use the standard form for claiming an exemption electronically as
2 adopted by the governing board.
- 3 4. The seller shall obtain the same information for proof of a claimed exemption
4 regardless of the medium in which the transaction occurred.
- 5 5. A member state may utilize a system wherein the purchaser exempt from the payment
6 of the tax is issued an identification number that shall be presented to the seller at the
7 time of the sale.
- 8 6. The seller shall maintain proper records of exempt transactions and provide them to a
9 member state when requested.
- 10 7. A member state shall administer use-based and entity-based exemptions when
11 practicable through a direct pay permit, an exemption certificate, or another means
12 that does not burden sellers.
- 13 8. After December 31, 2007, in the case of drop shipment sales, member states must
14 allow a third party vendor (e.g., drop shipper) to claim a resale exemption based on an
15 exemption certificate provided by its customer/re-seller or any other acceptable
16 information available to the third party vendor evidencing qualification for a resale
17 exemption, regardless of whether the customer/re-seller is registered to collect and
18 remit sales and use tax in the state where the sale is sourced.

19
20 B. **(Effective through December 31, 2007)** Each member state shall relieve sellers that
21 follow the requirements of this section from any tax otherwise applicable if it is
22 determined that the purchaser improperly claimed an exemption and to hold the
23 purchaser liable for the nonpayment of tax. This relief from liability does not apply to a
24 seller who fraudulently fails to collect the tax or solicits purchasers to participate in the
25 unlawful claim of an exemption.

26
27 B. **(Effective on January 1, 2008)** Each member state shall relieve sellers that follow the
28 requirements of this section from ~~any~~ the tax otherwise applicable if it is determined that
29 the purchaser improperly claimed an exemption and to hold the purchaser liable for the
30 nonpayment of tax. This relief from liability does not apply to a seller who fraudulently

1 fails to collect tax; ~~or~~ to a seller who solicits purchasers to participate in the unlawful
2 claim of an exemption; to a seller who accepts an exemption certificate when the
3 purchaser claims an entity-based exemption when (1) the subject of the transaction
4 sought to be covered by the exemption certificate is actually received by the purchaser at
5 a location operated by the seller and (2) the state in which that location resides provides
6 an exemption certificate that clearly and affirmatively indicates (graying out exemption
7 reason types on the uniform form and posting it on a state's web site is an indicator) that
8 the claimed exemption is not available in that state; or to a seller who accepts an
9 exemption certificate claiming multiple points of use for tangible personal property other
10 than computer software for which an exemption claiming multiple points of use is
11 acceptable under Section 312.

12 **C. (Effective on January 1, 2008)** Each state shall relieve a seller of the tax otherwise
13 applicable if the seller obtains a fully completed exemption certificate or captures the
14 relevant data elements required under the Agreement within 90 days subsequent to the
15 date of sale.

16 1. If the seller has not obtained an exemption certificate or all relevant data elements as
17 provided in Section 317, subsection (C) the seller may, within 120 days subsequent to
18 a request for substantiation by a member state, either prove that the transaction was
19 not subject to tax by other means or obtain a fully completed exemption certificate
20 from the purchaser, taken in good faith. For purposes of this section, member states
21 may continue to apply their own standards of good faith until such time as a uniform
22 standard for good faith is defined in the Agreement.

23 2. Nothing in this section shall affect the ability of member states to require purchasers
24 to update exemption certificate information or to reapply with the state to claim
25 certain exemptions.

26 3. Notwithstanding the aforementioned, each member state shall relieve a seller of the
27 tax otherwise applicable if it obtains a blanket exemption certificate for a purchaser
28 with which the seller has a recurring business relationship. States may not request
29 from the seller renewal of blanket certificates or updates of exemption certificate
30 information or data elements when there is a recurring business relationship between

1 the buyer and seller. For purposes of this section "a recurring business relationship"
2 is defined as at least one sale transaction within a period of twelve consecutive
3 months.

4
5 *Compiler's note: On April 16, 2005 Subsection (A)(8) was added. Subsection (B) was amended to delete "any" and*
6 *insert "the" after "from" in the first sentence and by inserting all the material after "claim an exemption" in the*
7 *second sentence. Subsection (C) was inserted. Each member state shall comply with the April 16, 2005*
8 *amendments to this section no later than January 1, 2008.*

10 **Section 318: UNIFORM TAX RETURNS**

13 member state and all the taxing jurisdictions within the member state.
- 14 B. Require that returns be due no sooner than the twentieth day of the month following the
15 month in which the transaction occurred.
- 16 C. Allow any Model 1, Model 2, or Model 3 seller to submit its sales and use tax returns in
17 a simplified format that does not include more data fields than permitted by the
18 governing board. A member state may require additional informational returns to be
19 submitted not more frequently than every six months under a staggered system
20 developed by the governing board.
- 21 D. Allow any seller that is registered under the Agreement, which does not have a legal
22 requirement to register in the member state, and is not a Model 1, 2, or 3 seller, to submit
23 its sales and use tax returns as follows:
 - 24 1. Upon registration, a member state shall provide to the seller the returns required by
25 that state.
 - 26 2. A member state may require a seller to file a return anytime within one year of the
27 month of initial registration, and future returns may be required on an annual basis in
28 succeeding years.
 - 29 3. In addition to the returns required in subsection (D)(2), a member state may require
30 sellers to submit returns in the month following any month in which they have

1 accumulated state and local tax funds for the state in the amount of one thousand
2 dollars or more.

- 3 E. Participate with other member states in developing a more uniform sales and use tax
4 return that, when completed, would be available to all sellers.
- 5 F. Require, at each member state's discretion, all Model 1, 2, and 3 sellers to file returns
6 electronically. It is the intent of the member states that all member states have the
7 capability of receiving electronically filed returns by January 1, 2004.

8

9 **Section 319: UNIFORM RULES FOR REMITTANCES OF FUNDS**

10 Each member state shall:

- 11 A. Require only one remittance for each return except as provided in this subsection. If any
12 additional remittance is required, it may only be required from sellers that collect more
13 than thirty thousand dollars in sales and use taxes in the member state during the
14 preceding calendar year as provided herein. The amount of the additional remittance
15 shall be determined through a calculation method rather than actual collections and shall
16 not require the filing of an additional return.
- 17 B. Require, at each member state's discretion, all remittances from sellers under Models 1,
18 2, and 3 to be remitted electronically.
- 19 C. Allow for electronic payments by both ACH Credit and ACH Debit.
- 20 D. Provide an alternative method for making "same day" payments if an electronic funds
21 transfer fails.
- 22 E. Provide that if a due date falls on a legal banking holiday in a member state, the taxes are
23 due to that state on the next succeeding business day.
- 24 F. Require that any data that accompanies a remittance be formatted using uniform tax type
25 and payment type codes approved by the governing board.

26

27 **Section 320: UNIFORM RULES FOR RECOVERY OF BAD DEBTS**

28 Each member state shall use the following to provide a deduction for bad debts to a seller. To
29 the extent a member state provides a bad debt deduction to any other party, the same procedures
30 will apply. Each member state shall:

- 1 A. Allow a deduction from taxable sales for bad debts. Any deduction taken that is
2 attributed to bad debts shall not include interest.
- 3 B. Utilize the federal definition of “bad debt” in 26 U.S.C. Sec. 166 as the basis for
4 calculating bad debt recovery. However, the amount calculated pursuant to 26 U.S.C.
5 Sec. 166 shall be adjusted to exclude: financing charges or interest; sales or use taxes
6 charged on the purchase price; uncollectable amounts on property that remain in the
7 possession of the seller until the full purchase price is paid; expenses incurred in
8 attempting to collect any debt, and repossessed property.
- 9 C. Allow bad debts to be deducted on the return for the period during which the bad debt is
10 written off as uncollectable in the claimant’s books and records and is eligible to be
11 deducted for federal income tax purposes. For purposes of this subsection, a claimant
12 who is not required to file federal income tax returns may deduct a bad debt on a return
13 filed for the period in which the bad debt is written off as uncollectable in the claimant’s
14 books and records and would be eligible for a bad debt deduction for federal income tax
15 purposes if the claimant was required to file a federal income tax return.
- 16 D. Require that, if a deduction is taken for a bad debt and the debt is subsequently collected
17 in whole or in part, the tax on the amount so collected must be paid and reported on the
18 return filed for the period in which the collection is made.
- 19 E. Provide that, when the amount of bad debt exceeds the amount of taxable sales for the
20 period during which the bad debt is written off, a refund claim may be filed within the
21 member state’s otherwise applicable statute of limitations for refund claims; however,
22 the statute of limitations shall be measured from the due date of the return on which the
23 bad debt could first be claimed.
- 24 F. Where filing responsibilities have been assumed by a CSP, allow the service provider to
25 claim, on behalf of the seller, any bad debt allowance provided by this section. The CSP
26 must credit or refund the full amount of any bad debt allowance or refund received to the
27 seller.
- 28 G. Provide that, for the purposes of reporting a payment received on a previously claimed
29 bad debt, any payments made on a debt or account are applied first proportionally to the

1 taxable price of the property or service and the sales tax thereon, and secondly to
2 interest, service charges, and any other charges.

- 3 H. In situations where the books and records of the party claiming the bad debt allowance
4 support an allocation of the bad debts among the member states, permit the allocation.
5

6 **Section 321: CONFIDENTIALITY AND PRIVACY PROTECTIONS UNDER MODEL 1**

- 7 A. The purpose of this section is to set forth the member states' policy for the protection of
8 the confidentiality rights of all participants in the system and of the privacy interests of
9 consumers who deal with Model 1 sellers.

- 10 B. As used in this section, the term "confidential taxpayer information" means all
11 information that is protected under a member state's laws, regulations, and privileges; the
12 term "personally identifiable information" means information that identifies a person;
13 and the term "anonymous data" means information that does not identify a person.

- 14 C. The member states agree that a fundamental precept in Model 1 is to preserve the
15 privacy of consumers by protecting their anonymity. With very limited exceptions, a
16 CSP shall perform its tax calculation, remittance, and reporting functions without
17 retaining the personally identifiable information of consumers.

- 18 D. The governing board may certify a CSP only if that CSP certifies that:

- 19 1. Its system has been designed and tested to ensure that the fundamental precept of
20 anonymity is respected;
21 2. That personally identifiable information is only used and retained to the extent
22 necessary for the administration of Model 1 with respect to exempt purchasers;
23 3. It provides consumers clear and conspicuous notice of its information practices,
24 including what information it collects, how it collects the information, how it uses the
25 information, how long, if at all, it retains the information and whether it discloses the
26 information to member states. Such notice shall be satisfied by a written privacy
27 policy statement accessible by the public on the official web site of the CSP;
28 4. Its collection, use and retention of personally identifiable information will be limited
29 to that required by the member states to ensure the validity of exemptions from

- 1 taxation that are claimed by reason of a consumer's status or the intended use of the
2 goods or services purchased; and
- 3 5. It provides adequate technical, physical, and administrative safeguards so as to
4 protect personally identifiable information from unauthorized access and disclosure.
- 5 E. Each member state shall provide public notification to consumers, including their exempt
6 purchasers, of the state's practices relating to the collection, use and retention of
7 personally identifiable information.
- 8 F. When any personally identifiable information that has been collected and retained is no
9 longer required for the purposes set forth in subsection (D)(4), such information shall no
10 longer be retained by the member states.
- 11 G. When personally identifiable information regarding an individual is retained by or on
12 behalf of a member state, such state shall provide reasonable access by such individual to
13 his or her own information in the state's possession and a right to correct any inaccurately
14 recorded information.
- 15 H. If anyone other than a member state, or a person authorized by that state's law or the
16 Agreement, seeks to discover personally identifiable information, the state from whom
17 the information is sought should make a reasonable and timely effort to notify the
18 individual of such request.
- 19 I. This privacy policy is subject to enforcement by member states' attorneys general or other
20 appropriate state government authority.
- 21 J. Each member states' laws and regulations regarding the collection, use, and maintenance
22 of confidential taxpayer information remain fully applicable and binding. Without
23 limitation, the Agreement does not enlarge or limit the member states' authority to:
- 24 1. Conduct audits or other review as provided under the Agreement and state law.
- 25 2. Provide records pursuant to a member state's Freedom of Information Act, disclosure
26 laws with governmental agencies, or other regulations.
- 27 3. Prevent, consistent with state law, disclosures of confidential taxpayer information.
- 28 4. Prevent, consistent with federal law, disclosures or misuse of federal return
29 information obtained under a disclosure agreement with the Internal Revenue Service.

1 5. Collect, disclose, disseminate, or otherwise use anonymous data for governmental
2 purposes.

3 K. This privacy policy does not preclude the governing board from certifying a CSP whose
4 privacy policy is more protective of confidential taxpayer information or personally
5 identifiable information than is required by the Agreement.
6

7 **Section 322: SALES TAX HOLIDAYS**

8 A. If a member state allows for temporary exemption periods, commonly referred to as sales
9 tax holidays, the member state shall:

10 1. Not apply an exemption after December 31, 2004, unless the items to be exempted
11 are specifically defined in the Agreement and the exemptions are uniformly applied to
12 state and local sales and use taxes.

13 2. Provide notice of the exemption period at least sixty days' prior to the first day of the
14 calendar quarter in which the exemption period will begin.

15 B. A member state may establish a sales tax holiday that utilizes price thresholds set
16 by such state and the provisions of the Agreement on the use of thresholds shall
17 not apply to exemptions provided by a state during a sales tax holiday. In order to
18 provide uniformity, a price threshold established by a member state for exempt
19 items shall include only items priced below the threshold. A member state shall
20 not exempt only a portion of the price of an individual item during a sales tax
21 holiday.

22 C. The following procedures are to be used by member states in administering a
23 sales tax holiday exemption:

24 1. Layaway sales - A sale of eligible property under a layaway sale qualifies for
25 exemption if:

26 a. final payment on a layaway order is made by, and the property is given to,
27 the purchaser during the exemption period; or

28 b. the purchaser selects the property and the retailer accepts the order for the
29 item during the exemption period, for immediate delivery upon full
30 payment, even if delivery is made after the exemption period.

- 1 2. Bundled sales - Member states will follow the same procedure during the sales
2 tax holiday as agreed upon for handling a bundled sale at other times.
- 3 3. Coupons and discounts - A discount by the seller reduces the sales price of the
4 property and the discounted sales price determines whether the sales price is
5 within a sales tax holiday price threshold of a member state. A coupon that
6 reduces the sales price is treated as a discount if the seller is not reimbursed
7 for the coupon amount by a third-party. If a discount applies to the total
8 amount paid by a purchaser rather than to the sales price of a particular item
9 and the purchaser has purchased both eligible property and taxable property,
10 the seller should allocate the discount based on the total sales prices of the
11 taxable property compared to the total sales prices of all property sold in that
12 same transaction.
- 13 4. Splitting of items normally sold together - Articles that are normally sold as a
14 single unit must continue to be sold in that manner. Such articles cannot be
15 priced separately and sold as individual items in order to obtain the
16 exemption. For example, a pair of shoes cannot have each shoe sold
17 separately so that the sales price of each shoe is within a sales tax holiday
18 price threshold.
- 19 5. Rain checks - A rain check allows a customer to purchase an item at a certain
20 price at a later time because the particular item was out of stock. Eligible
21 property that customers purchase during the exemption period with use of a
22 rain check will qualify for the exemption regardless of when the rain check
23 was issued. Issuance of a rain check during the exemption period will not
24 qualify eligible property for the exemption if the property is actually
25 purchased after the exemption period.
- 26 6. Exchanges - The procedure for an exchange in regards to a sales tax holiday is
27 as follows:
 - 28 a. If a customer purchases an item of eligible property during the exemption
29 period, but later exchanges the item for a similar eligible item, even if a

different size, different color, or other feature, no additional tax is due even if the exchange is made after the exemption period.

- b. If a customer purchases an item of eligible property during the exemption period, but after the exemption period has ended, the customer returns the item and receives credit on the purchase of a different item, the appropriate sales tax is due on the sale of the newly purchased item.
- c. If a customer purchases an item of eligible property before the exemption period, but during the exemption period the customer returns the item and receives credit on the purchase of a different item of eligible property, no sales tax is due on the sale of the new item if the new item is purchased during the exemption period.

7. Delivery charges - Delivery charges, including shipping, handling and service charges, are part of the sales price of eligible property unless a member state defines "sales price" to exclude such charges. For the purpose of determining a sales tax holiday price threshold, if all the property in a shipment qualifies as eligible property and the sales price for each item in the shipment is within the sales tax holiday price threshold, then the seller does not have to allocate the delivery, handling, or service charge to determine if the price threshold is exceeded. The shipment will be considered a sale of eligible products. If the shipment includes eligible property and taxable property (including an eligible item with a sales price in excess of the price threshold), the seller should allocate the delivery charge by using:

- a. a percentage based on the total sales prices of the taxable property compared to the total sales prices of all property in the shipment; or
- b. a percentage based on the total weight of the taxable property compared to the total weight of all property in the shipment.

The seller must tax the percentage of the delivery charge allocated to the taxable property but does not have to tax the percentage allocated to the eligible property.

- 1 8. Order date and back orders - For the purpose of a sales tax holiday, eligible
2 property qualifies for exemption if:
- 3 a. the item is both delivered to and paid for by the customer during the
4 exemption period; or
- 5 b. the customer orders and pays for the item and the seller accepts the order
6 during the exemption period for immediate shipment, even if delivery is
7 made after the exemption period. The seller accepts an order when the
8 seller has taken action to fill the order for immediate shipment. Actions to
9 fill an order include placement of an "in date" stamp on a mail order or
10 assignment of an "order number" to a telephone order. An order is for
11 immediate shipment when the customer does not request delayed
12 shipment. An order is for immediate shipment notwithstanding that the
13 shipment may be delayed because of a backlog of orders or because stock
14 is currently unavailable to, or on back order by, the seller.
- 15 9. Returns - For a 60-day period immediately after the sales tax holiday
16 exemption period, when a customer returns an item that would qualify for the
17 exemption, no credit for or refund of sales tax shall be given unless the
18 customer provides a receipt or invoice that shows tax was paid, or the seller
19 has sufficient documentation to show that tax was paid on the specific item.
20 This 60-day period is set solely for the purpose of designating a time period
21 during which the customer must provide documentation that shows that sales
22 tax was paid on returned merchandise. The 60-day period is not intended to
23 change a seller's policy on the time period during which the seller will accept
24 returns.
- 25 10. Different time zones - The time zone of the seller's location determines the authorized
26 time period for a sales tax holiday when the purchaser is located in one time zone and
27 a seller is located in another.
- 28

29 **Section 323: CAPS AND THRESHOLDS**

- 30 A. Each member state shall:

1. Not have caps or thresholds on the application of state sales or use tax rates or exemptions that are based on the value of the transaction or item after December 31, 2005. A member state may continue to have caps and thresholds until that date.
 2. Not have caps that are based on the application of the rates unless the member state assumes the administrative responsibility in a manner that places no additional burden on the retailer.
- B. Each member state that has local jurisdictions that levy a sales or use tax shall not place caps or thresholds on the application of local rates or use tax rates or exemptions that are based on the value of the transaction or item after December 31, 2005. A member state may continue to have caps and thresholds until that date.
- C. The provisions of this section do not apply to sales or use taxes levied on the retail sale or transfer of motor vehicles, aircraft, watercraft, modular homes, manufactured homes, or mobile homes or to instances where the burden of administration has been shifted from the retailer.

Section 324: ROUNDING RULE

- A. After December 31, 2005, each member state shall adopt a rounding algorithm that meets the following criteria:
1. Tax computation must be carried to the third decimal place, and
 2. The tax must be rounded to a whole cent using a method that rounds up to the next cent whenever the third decimal place is greater than four.
- B. Each state shall allow sellers to elect to compute the tax due on a transaction on an item or an invoice basis, and shall allow the rounding rule to be applied to the aggregated state and local taxes. No member state shall require a seller to collect tax based on a bracket system.

Section 325: CUSTOMER REFUND PROCEDURES

- A. These customer refund procedures are provided to apply when a state allows a purchaser to seek a return of over-collected sales or use taxes from the seller.

- 1 B. Nothing in this section shall either require a state to provide, or prevent a state from
2 providing, a procedure by which a purchaser may seek a refund directly from the state
3 arising out of sales or use taxes collected in error by a seller from the purchaser.
4 Nothing in this section shall operate to extend any person's time to seek a refund of sales
5 or use taxes collected or remitted in error.
- 6 C. These customer refund procedures provide the first course of remedy available to
7 purchasers seeking a return of over-collected sales or use taxes from the seller. A cause
8 of action against the seller for the over-collected sales or use taxes does not accrue until
9 a purchaser has provided written notice to a seller and the seller has had sixty days to
10 respond. Such notice to the seller must contain the information necessary to determine
11 the validity of the request.
- 12 D. In connection with a purchaser's request from a seller of over-collected sales or use
13 taxes, a seller shall be presumed to have a reasonable business practice, if in the
14 collection of such sales or use taxes, the seller: i) uses either a provider or a system,
15 including a proprietary system, that is certified by the state; and ii) has remitted to the
16 state all taxes collected less any deductions, credits, or collection allowances.

18 **Section 326: DIRECT PAY PERMITS**

19 Each member state shall provide for a direct pay authority that allows the holder of a direct pay
20 permit to purchase otherwise taxable goods and services without payment of tax to the supplier
21 at the time of purchase. The holder of the direct pay permit will make a determination of the
22 taxability and then report and pay the applicable tax due directly to the tax jurisdiction. Each
23 state can set its own limits and requirements for the direct pay permit. The governing board shall
24 advise member states when setting state direct pay limits and requirements, and shall consider
25 use of the Model Direct Payment Permit Regulation as developed by the Task Force on EDI
26 Audit and Legal Issues for Tax Administration.

1 **Section 327: LIBRARY OF DEFINITIONS**

2 Each member state shall utilize common definitions as provided in this section. The terms
3 defined are set out in the Library of Definitions, in Appendix C of this Agreement. A member
4 state shall adhere to the following principles:

- 5 A. If a term defined in the Library of Definitions appears in a member state's sales
6 and use tax statutes or administrative rules or regulations, the member state shall
7 enact or adopt the Library definition of the term in its statutes or administrative
8 rules or regulations in substantially the same language as the Library definition.
- 9 B. A member state shall not use a Library definition in its sales or use tax statutes or
10 administrative rules or regulations that is contrary to the meaning of the Library
11 definition.
- 12 C. Except as specifically provided in Section 316 and the Library of Definitions, a
13 member state shall impose a sales or use tax on all products or services included
14 within each definition or exempt from sales or use tax all products or services
15 within each definition.
- 16

17 **Section 328: TAXABILITY MATRIX**

- 18 A. To ensure uniform application of terms defined in the Library of Definitions each
19 member state shall complete a taxability matrix adopted by the governing board.
20 The member state's entries in the matrix shall be provided and maintained in a
21 database that is in a downloadable format approved by the governing board. A
22 member state shall provide notice of changes in the taxability of the products or
23 services listed in the taxability matrix as required by the governing board.
- 24 B. A member state shall relieve sellers and CSPs from liability to the member state and
25 its local jurisdictions for having charged and collected the incorrect amount of sales
26 or use tax resulting from the seller or CSP relying on erroneous data provided by the
27 member state in the taxability matrix.
- 28

1 **Section 329: EFFECTIVE DATE FOR RATE CHANGES**

2 Each member state shall provide that the effective date of rate changes for services covering a
3 period starting before and ending after the statutory effective date shall be as follows:

- 4 A. For a rate increase, the new rate shall apply to the first billing period starting on or after
5 the effective date.
- 6 B. For a rate decrease, the new rate shall apply to bills rendered on or after the effective
7 date.
- 8

9 **Section 330: BUNDLED TRANSACTIONS (Effective January 1, 2008)**

10 A. A member state shall adopt and utilize to determine tax treatment, the core definition for
11 a “bundled transaction” in Appendix C, Part I of the Library of Definitions in the
12 Agreement.

13 B. Member states are not restricted in their tax treatment of bundled transactions except as
14 otherwise provided in the Agreement. Member states are not restricted in their ability to
15 treat some bundled transactions differently from other bundled transactions.

16 C. In the case of a bundled transaction that includes any of the following:
17 telecommunication service, ancillary service, internet access, or audio or video
18 programming service:

19 1. If the price is attributable to products that are taxable and products that are
20 nontaxable, the portion of the price attributable to the nontaxable products may be
21 subject to tax unless the provider can identify by reasonable and verifiable
22 standards such portion from its books and records that are kept in the regular
23 course of business for other purposes, including, but not limited to, non-tax
24 purposes.

25 2. If the price is attributable to products that are subject to tax at different tax rates,
26 the total price may be treated as attributable to the products subject to tax at the
27 highest tax rate unless the provider can identify by reasonable and verifiable
28 standards the portion of the price attributable to the products subject to tax at the
29 lower rate from its books and records that are kept in the regular course of
30 business for other purposes, including, but not limited to, non-tax purposes.

1 3. The provisions of this section shall apply unless otherwise provided by federal
2 law.

3
4 *Compiler's note: Section 330 was added on April 16, 2005. Member States shall comply with the provisions of this*
5 *Section no later than January 1, 2008.*

ARTICLE IV
SELLER REGISTRATION

Section 401: SELLER PARTICIPATION

- A. The member states shall provide an online registration system that will allow sellers to register in all the member states.
- B. By registering, the seller agrees to collect and remit sales and use taxes for all taxable sales into the member states, including member states joining after the seller's registration. Withdrawal or revocation of a member state shall not relieve a seller of its responsibility to remit taxes previously or subsequently collected on behalf of the state.
- C. In member states where the seller has a requirement to register prior to registering under the Agreement, the seller may be required to provide additional information to complete the registration process or the seller may choose to register directly with those states.
- D. A member state or a state that has withdrawn or been expelled shall not use registration with the central registration system and the collection of sales and use taxes in the member states as a factor in determining whether the seller has nexus with that state for any tax at any time.

Section 402: AMNESTY FOR REGISTRATION

- A. Subject to the limitations in this section:
1. A member state shall provide amnesty for uncollected or unpaid sales or use tax to a seller who registers to pay or to collect and remit applicable sales or use tax on sales made to purchasers in the state in accordance with the terms of the Agreement, provided that the seller was not so registered in that state in the twelve-month period preceding the effective date of the state's participation in the Agreement.
 2. The amnesty will preclude assessment for uncollected or unpaid sales or use tax together with penalty or interest for sales made during the period the seller was not registered in the state, provided registration occurs within twelve months of the effective date of the state's participation in the Agreement.

1 3. Amnesty similarly shall be provided by any additional state that joins the Agreement
2 after the seller has registered.

3 B. The amnesty is not available to a seller with respect to any matter or matters for which
4 the seller received notice of the commencement of an audit and which audit is not yet
5 finally resolved including any related administrative and judicial processes.

6 C. The amnesty is not available for sales or use taxes already paid or remitted to the state or
7 to taxes collected by the seller.

8 D. The amnesty is fully effective, absent the seller's fraud or intentional misrepresentation of
9 a material fact, as long as the seller continues registration and continues payment or
10 collection and remittance of applicable sales or use taxes for a period of at least thirty-six
11 months. Each member state shall toll its statute of limitations applicable to asserting a tax
12 liability during this thirty-six month period.

13 E. The amnesty is applicable only to sales or use taxes due from a seller in its capacity as a
14 seller and not to sales or use taxes due from a seller in its capacity as a buyer.

15 F. A member state may allow amnesty on terms and conditions more favorable to a seller
16 than the terms required by this section.

18 **Section 403: METHOD OF REMITTANCE**

19 When registering, the seller may select one of the following methods of remittances or other
20 method allowed by state law to remit the taxes collected:

21 A. MODEL 1, wherein a seller selects a CSP as an agent to perform all the seller's sales or
22 use tax functions, other than the seller's obligation to remit tax on its own purchases.

23 B. MODEL 2, wherein a seller selects a CAS to use which calculates the amount of tax due
24 on a transaction.

25 C. MODEL 3, wherein a seller utilizes its own proprietary automated sales tax system that
26 has been certified as a CAS.

28 **Section 404: REGISTRATION BY AN AGENT**

29 A seller may be registered by an agent. Such appointment shall be in writing and submitted to a
30 member state if requested by the member state.

ARTICLE V
PROVIDER AND SYSTEM CERTIFICATION

Section 501: CERTIFICATION OF SERVICE PROVIDERS AND AUTOMATED SYSTEMS

- A. The governing board shall certify automated systems and service providers to aid in the administration of sale and use tax collections.
- B. The governing board may certify a person as a CSP if the person meets all of the following requirements:
1. The person uses a CAS;
 2. The person integrates its CAS with the system of a seller for whom the person collects tax so that the tax due on a sale is determined at the time of the sale;
 3. The person agrees to remit the taxes it collects at the time and in the manner specified by the member states;
 4. The person agrees to file returns on behalf of the sellers for whom it collects tax;
 5. The person agrees to protect the privacy of tax information it obtains in accordance with Section 321 of the Agreement; and
 6. The person enters into a contract with the member states and agrees to comply with the terms of the contract.
- C. The governing board may certify a software program as a CAS if the governing board determines that the program meets all of the following requirements:
1. It determines the applicable state and local sales and use tax rate for a transaction, in accordance with Sections 309 to 315, inclusive;
 2. It determines whether or not an item is exempt from tax;
 3. It determines the amount of tax to be remitted for each taxpayer for a reporting period;
 4. It can generate reports and returns as required by the governing board; and
 5. It can meet any other requirement set by the governing board.
- D. The governing board may establish one or more sales tax performance standards for Model 3 sellers that meet the eligibility criteria set by the governing board and that

1 developed a proprietary system to determine the amount of sales and use tax due on
2 transactions.

1 **ARTICLE VI**

2 **MONETARY ALLOWANCES FOR NEW TECHNOLOGICAL MODELS FOR SALES**

3 **TAX COLLECTION**

4

5 **Section 601: MONETARY ALLOWANCE UNDER MODEL 1**

- 6 A. Each member state shall provide a monetary allowance to a CSP in Model 1 in
7 accordance with the terms of the contract between the governing board and the CSP. The
8 details of the monetary allowance will be provided through the contract process. The
9 governing board shall require that such allowance be funded entirely from money
10 collected in Model 1.

Section 701: EFFECTIVE DATE

The Agreement shall become binding and take effect when at least ten states comprising at least twenty percent of the total population, as determined by the 2000 Federal census, of all states imposing a state sales tax have petitioned for membership and have either been found to be in compliance with the requirements of the Agreement pursuant to Section 805 or have been found to be an associate member pursuant to Section 704. The Agreement shall take effect on the first day of a calendar quarter at least sixty days after the tenth state is found in compliance, ~~but cannot take effect prior to July 1, 2003~~ or is found to be an associate member.

Compiler's note: On April 16, 2005 Section 701 was amended by inserting "either" after "and have" in the first sentence; inserting "or have been found to be an associate member pursuant to Section 704" at the end of the first sentence; and deleting ", but cannot take effect prior to July 1, 2003" and inserting "or is found to be an associate member" at the end of the second sentence. The April 16, 2005 amendments to this section were effective upon adoption.

Prior to the effective date of the Agreement, a state ~~that has adopted changes to its statutes, rules, regulations, or other authorities necessary to bring the state into compliance as provided in Section 805,~~ may seek membership by forwarding a petition for membership and certificate of compliance to the Co-Chairs of the Streamlined Sales Tax Implementing States. The certificate of compliance shall meet the requirements of Section 802. If some changes to a state's statutes, rules, regulations, or other authorities have been adopted, but are not yet in effect, the petition for membership shall include the date on which those changes will be effective. A petitioning state shall also provide a copy of its petition for membership and certificate of compliance to each of the Streamlined Sales Tax Implementing States. A petitioning state shall also post a copy of its petition for membership and certificate of compliance on that state's web site.

4 ~~of petitioning states are effective.~~ An affirmative vote of three-fourths of the other petitioning states is
5 necessary for a petitioning state to be found in compliance with the Agreement. A petitioning state shall
6 not vote on its own petition for membership.

7
8 The Co-Chairs shall provide the public with an opportunity to comment prior to any vote on a state's
9 petition for membership.

10
11 *Compiler's note: On April 16, 2005 this section was amended by deleting "that has adopted changes to its statutes, rules,*

14 *"changes" in the third sentence; and deleting ", but shall not be earlier than the date the relevant statutes, rules, regulations,*
15 *or other authorities of the requisite number of petitioning states are effective" after "Section 701" in the second sentence in*
16 *the second paragraph. The April 16, 2005 amendments to this section were effective upon adoption.*

19 A. From the time of ratification of this Agreement until the provisions of Section 701 have been met, the
20 Streamlined Sales Tax Implementing States shall maintain responsibility for the Agreement, including
21 the disposition of all proposed amendments to the Agreement. If the provisions of Section 701 have
22 been met with the use of associate members as defined in Section 704, the Streamlined Sales Tax
23 Implementing States shall be responsible for the disposition of all proposed amendments to and
24 interpretations of the Agreement until such time as the provisions of Section 701 have been met without
25 the use of associate members.

26
27 B. Amendments to the Agreement considered by the Streamlined Sales Tax Implementing States shall
28 follow the provisions as set forth in Article IX, Section 901.

29

31 are met without the use of associate members, the Streamlined Sales Tax Implementing States shall

1 provide advice to the Governing Board of the Agreement and shall be consulted by the Governing Board
2 before amending the Agreement.

3
4 *Compiler's note: On April 16, 2005 Section 703 was amended by inserting the second sentence in 703 (A) and inserting*
5 *"without the use of associate members" after "are met" in 703 (C). The April 16, 2005 amendments to this section were*

17 authorities remain in effect, the state shall automatically become a Member State upon the
18 effective date of the conforming legislation.

19
20 C. A petitioning state that fails to receive an affirmative vote of three-fourths of the petitioning
21 states as required under Section 702 may request associate membership. If such a request is
22 made, the Petitioning States may grant such membership by majority vote upon a finding that the
23 state has achieved substantial compliance with the terms of the Agreement taken as a whole, but
24 not necessarily each provision as required by Section 805, measured qualitatively, and there is a
25 reasonable expectation that the state will achieve compliance by January 1, 2008. A state that is
26 granted associate membership by this section shall be required to re-petition for full membership
27 under the requirements of the Agreement.

28

6 may vote on amendments to or interpretations of the Agreement as an Implementing State under Section
7 703 (A).

8
9 B. An associate member shall retain such status until the Governing Board finds such state to be in
10 compliance pursuant to Section 805 or December 31, 2007, whichever is earlier, without regard to
11 whether the population requirement of Section 701 has been met. Any associate member that has not
12 been found in compliance by December 31, 2007 shall forfeit its status as an associate member. No
13 state may be an associate member after December 31, 2007. The Co-Chairs of the Streamlined Sales

15 in compliance with the Agreement.

18 collect sales or use tax on sales into an associate member state unless the seller is otherwise required to
19 collect such taxes under applicable law. Notwithstanding the provisions of Section 401 (B), a seller that
20 volunteers to collect tax in an associate member state is not required to collect tax in any other associate
21 member state. An associate member shall be responsible for payment of costs as provided in Article VI
22 for those sellers that volunteer to collect tax in an associate member state.

23
24 D. Neither the Governing Board nor a member state may share or grant access to an associate member
25 state any seller information from the seller's registration pursuant to Section 401. Neither the Governing
26 Board nor a member state may share or grant access to an associate member state any seller information

28 that were incurred by the governing board prior to the effective date of that state's withdrawal or
29 expulsion. The appropriate share of any financial or contractual obligation shall be determined by the

2 **LIBRARY OF DEFINITIONS**

3
4 **Part I** Administrative definitions including tangible personal property. Terms included
5 in this Part are core terms that apply in imposing and administering sales and use taxes.

6
7 **Part II** Product definitions. Terms included in this Part are used to exempt items from
8 sales and use taxes or to impose tax on items by narrowing an exemption that otherwise includes
9 these items.

10
11 **Part III** Sales tax holiday definitions. Terms included in this Part are core terms that
12 apply in imposing and administering sales and use taxes during sales tax holidays.

13
14 **PART I**

15
16 **Administrative Definitions**

17
18 **“Delivery charges”** means charges by the seller of personal property or services for preparation
19 and delivery to a location designated by the purchaser of personal property or services including,
20 but not limited to, transportation, shipping, postage, handling, crating, and packing.

21 A member state may exclude from “delivery charges” the charges for delivery of “direct mail” if
22 the charges are separately stated on an invoice or similar billing document given to the
23 purchaser.

24 If a shipment includes exempt property and taxable property, the seller should allocate the
25 delivery charge by using:

- 26 a. a percentage based on the total sales prices of the taxable property compared to
27 the total sales prices of all property in the shipment; or
28 b. a percentage based on the total weight of the taxable property compared to the
29 total weight of all property in the shipment.

1 The seller must tax the percentage of the delivery charge allocated to the taxable property but
2 does not have to tax the percentage allocated to the exempt property.

3
4 **“Direct mail”** means printed material delivered or distributed by United States mail or other
5 delivery service to a mass audience or to addressees on a mailing list provided by the purchaser
6 or at the direction of the purchaser when the cost of the items are not billed directly to the
7 recipients. “Direct mail” includes tangible personal property supplied directly or indirectly by
8 the purchaser to the direct mail seller for inclusion in the package containing the printed material.
9 “Direct mail” does not include multiple items of printed material delivered to a single address.

10
11 **“Lease or rental”** means any transfer of possession or control of tangible personal property for
12 a fixed or indeterminate term for consideration. A lease or rental may include future options to
13 purchase or extend.

14 A. Lease or rental does not include:

- 15 1. A transfer of possession or control of property under a security agreement or deferred
16 payment plan that requires the transfer of title upon completion of the required
17 payments;
- 18 2. A transfer or possession or control of property under an agreement that requires the
19 transfer of title upon completion of required payments and payment of an option price
20 does not exceed the greater of one hundred dollars or one percent of the total required
21 payments; or
- 22 3. Providing tangible personal property along with an operator for a fixed or
23 indeterminate period of time. A condition of this exclusion is that the operator is
24 necessary for the equipment to perform as designed. For the purpose of this
25 subsection, an operator must do more than maintain, inspect, or set-up the tangible
26 personal property.

27 B. Lease or rental does include agreements covering motor vehicles and trailers where the
28 amount of consideration may be increased or decreased by reference to the amount
29 realized upon sale or disposition of the property as defined in 26 USC 7701(h)(1).

1 C. This definition shall be used for sales and use tax purposes regardless if a transaction is
2 characterized as a lease or rental under generally accepted accounting principles, the
3 Internal Revenue Code, the [state commercial code], or other provisions of federal, state
4 or local law.

5 D. This definition will be applied only prospectively from the date of adoption and will
6 have no retroactive impact on existing leases or rentals. This definition shall neither
7 impact any existing sale-leaseback exemption or exclusions that a state may have, nor
8 preclude a state from adopting a sale-leaseback exemption or exclusion after the
9 effective date of the Agreement.

10
11 **“Purchase price”** applies to the measure subject to use tax and has the same meaning as sales
12 price.

13
14 **“Retail sale or Sale at retail”** means any sale, lease, or rental for any purpose other than for
15 resale, sublease, or subrent.

16
17 **“Sales price”** (Effective through December 31, 2007) applies to the measure subject to sales
18 tax and means the total amount of consideration, including cash, credit, property, and services,
19 for which personal property or services are sold, leased, or rented, valued in money, whether
20 received in money or otherwise, without any deduction for the following:

21 A. The seller's cost of the property sold;

22 B. The cost of materials used, labor or service cost, interest, losses, all costs of
23 transportation to the seller, all taxes imposed on the seller, and any other expense
24 of the seller;

25 C. Charges by the seller for any services necessary to complete the sale, other than
26 delivery and installation charges;

27 D. Delivery charges;

28 E. Installation charges;

1 F. The value of exempt personal property given to the purchaser where taxable and
2 exempt personal property have been bundled together and sold by the seller as a
3 single product or piece of merchandise; and

4 G. Credit for any trade-in, as determined by state law.

5 States may exclude from “sales price” the amounts received for charges included in paragraphs
6 (C) through (G) above, if they are separately stated on the invoice, billing, or similar document
7 given to the purchaser.

8 “Sales price” shall not include:

9 A. Discounts, including cash, term, or coupons that are not reimbursed by a third
10 party that are allowed by a seller and taken by a purchaser on a sale;

11 B. Interest, financing, and carrying charges from credit extended on the sale of
12 personal property or services, if the amount is separately stated on the invoice,
13 bill of sale or similar document given to the purchaser; and

14 C. Any taxes legally imposed directly on the consumer that are separately stated on
15 the invoice, bill of sale or similar document given to the purchaser.
16

17 **“Sales price” (Effective January 1, 2008)** applies to the measure subject to sales tax and means
18 the total amount of consideration, including cash, credit, property, and services, for which
19 personal property or services are sold, leased, or rented, valued in money, whether received in
20 money or otherwise, without any deduction for the following:

21 A. The seller's cost of the property sold;

22 B. The cost of materials used, labor or service cost, interest, losses, all costs of
23 transportation to the seller, all taxes imposed on the seller, and any other expense
24 of the seller;

25 C. Charges by the seller for any services necessary to complete the sale, other than
26 delivery and installation charges;

27 D. Delivery charges;

28 E. Installation charges;

1 F. ~~The value of exempt personal property given to the purchaser where taxable and~~
2 ~~exempt personal property have been bundled together and sold by the seller as a~~
3 ~~single product or piece of merchandise; and~~

4 G. Credit for any trade-in, as determined by state law.

5 States may exclude from “sales price” the amounts received for charges included in paragraphs
6 (C) through (G) above, if they are separately stated on the invoice, billing, or similar document
7 given to the purchaser. States may exclude from (B) above, “telecommunications nonrecurring”
8 charges if they are separately stated on the invoice, billing, or similar documents. A state doing
9 so must define “telecommunications nonrecurring charges” as follows:

10
11 **“Telecommunications nonrecurring charges”** means an amount billed for the installation,
12 connection, change or initiation of “telecommunications service” received by the customer.

13
14 “Sales price” shall not include:

- 15 A. Discounts, including cash, term, or coupons that are not reimbursed by a third
16 party that are allowed by a seller and taken by a purchaser on a sale;
- 17 B. Interest, financing, and carrying charges from credit extended on the sale of
18 personal property or services, if the amount is separately stated on the invoice,
19 bill of sale or similar document given to the purchaser; and
- 20 C. Any taxes legally imposed directly on the consumer that are separately stated on
21 the invoice, bill of sale or similar document given to the purchaser.

22
23 “Sales price” shall include consideration received by the seller from third parties if:

- 24 A. The seller actually receives consideration from a party other than the purchaser and the
25 consideration is directly related to a price reduction or discount on the sale;
- 26 B. The seller has an obligation to pass the price reduction or discount through to the
27 purchaser;
- 28 C. The amount of the consideration attributable to the sale is fixed and determinable by the
29 seller at the time of the sale of the item to the purchaser; and

D. One of the following criteria is met:

1. The purchaser presents a coupon, certificate or other documentation to the seller to claim a price reduction or discount where the coupon, certificate or documentation is authorized, distributed or granted by a third party with the understanding that the third party will reimburse any seller to whom the coupon, certificate or documentation is presented;
2. The purchaser identifies himself or herself to the seller as a member of a group or organization entitled to a price reduction or discount (a “preferred customer” card that is available to any patron does not constitute membership in such a group), or
3. The price reduction or discount is identified as a third party price reduction or discount on the invoice received by the purchaser or on a coupon, certificate or other documentation presented by the purchaser.

States may also exclude from “sales price” either employee discounts that are reimbursed by a third party on sales of motor vehicles, or manufacturer rebates on motor vehicles, or both.

Compiler’s note: On April 16, 2005 the following amendments were made to the definition of “Sales Price”.

1. *Deleting “F. The value of exempt personal property given to the purchaser where taxable and exempt personal property have been bundled together and sold by the seller as a single product or piece of merchandise;” and renumbering “G” to “F”.*
2. *Changing the cross reference to reflect the renumbering, inserting the second and third sentences in the paragraph following (F), and inserting the definition of “telecommunications nonrecurring charges”.*
3. *Inserting all of the material starting with “Sales price” shall include consideration received by the seller from third parties”.*

Member states shall comply with the changes to this definition no later than January 1, 2008.

“Tangible personal property” means personal property that can be seen, weighed, measured, felt, or touched, or that is in any other manner perceptible to the senses. “Tangible personal property” includes electricity, water, gas, steam, and prewritten computer software.

1 **“A bundled transaction”** is the retail sale of two or more products, except real property and
2 services to real property, where (1) the products are otherwise distinct and identifiable, and (2)
3 the products are sold for one non-itemized price. “A bundled transaction” does not include the
4 sale of any products in which the “sales price” varies, or is negotiable, based on the selection by
5 the purchaser of the products included in the transaction.

6
7 A. “Distinct and identifiable products” does not include:

- 8 1. Packaging – such as containers, boxes, sacks, bags, and bottles – or other materials –
9 such as wrapping, labels, tags, and instruction guides – that accompany the “retail sale”
10 of the products and are incidental or immaterial to the “retail sale” thereof. Examples of
11 packaging that are incidental or immaterial include grocery sacks, shoeboxes, dry
12 cleaning garment bags and express delivery envelopes and boxes.
- 13 2. A product provided free of charge with the required purchase of another product. A
14 product is “provided free of charge” if the “sales price” of the product purchased does
15 not vary depending on the inclusion of the product “provided free of charge.”
- 16 3. Items included in the member state’s definition of “sales price,” pursuant to Appendix C
17 of the Agreement.

18 B. The term “one non-itemized price” does not include a price that is separately identified by
19 product on binding sales or other supporting sales-related documentation made available to
20 the customer in paper or electronic form including, but not limited to an invoice, bill of sale,
21 receipt, contract, service agreement, lease agreement, periodic notice of rates and services,
22 rate card, or price list.

23 C. A transaction that otherwise meets the definition of a “bundled transaction” as defined
24 above, is not a “bundled transaction” if it is:

- 25 1. The “retail sale” of tangible personal property and a service where the tangible
26 personal property is essential to the use of the service, and is provided exclusively in
27 connection with the service, and the true object of the transaction is the service; or
- 28 2. The “retail sale” of services where one service is provided that is essential to the use
29 or receipt of a second service and the first service is provided exclusively in

1 connection with the second service and the true object of the transaction is the
2 second service; or

3 3. A transaction that includes taxable products and nontaxable products and the
4 “purchase price” or “sales price” of the taxable products is de minimis.

5 a. De minimis means the seller’s “purchase price” or “sales price” of the taxable
6 products is ten percent (10%) or less of the total “purchase price” or “sales price”
7 of the bundled products.

8 b. Sellers shall use either the “purchase price” or the “sales price” of the products to
9 determine if the taxable products are de minimis. Sellers may not use a
10 combination of the “purchase price” and “sales price” of the products to
11 determine if the taxable products are de minimis.

12 c. Sellers shall use the full term of a service contract to determine if the taxable
13 products are de minimis; or

14 4. The “retail sale” of exempt tangible personal property and taxable tangible personal
15 property where:

16 a. the transaction includes “food and food ingredients”, “drugs”, “durable medical
17 equipment”, “mobility enhancing equipment”, “over-the-counter drugs”,
18 “prosthetic devices” (all as defined in Appendix C) or medical supplies; and

19 b. where the seller’s “purchase price” or “sales price” of the taxable tangible
20 personal property is fifty percent (50%) or less of the total “purchase price” or
21 “sales price” of the bundled tangible personal property. Sellers may not use a
22 combination of the “purchase price” and “sales price” of the tangible personal
23 property when making the fifty percent (50%) determination for a transaction.

24
25 *Compiler’s note: On April 16, 2005 the definition of “A bundled transaction” was added. Member States shall*
26 *comply with this definition no later than January 1, 2008.*
